

# My first code storybook

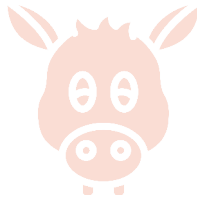

# The three good friends and their coding adventure

Isabelle

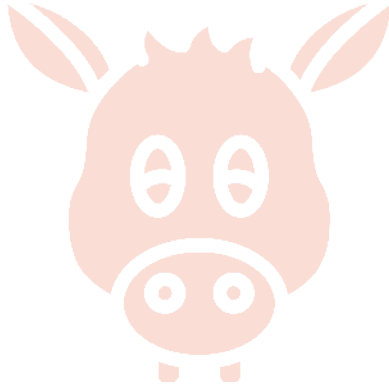

Bobby

Holly

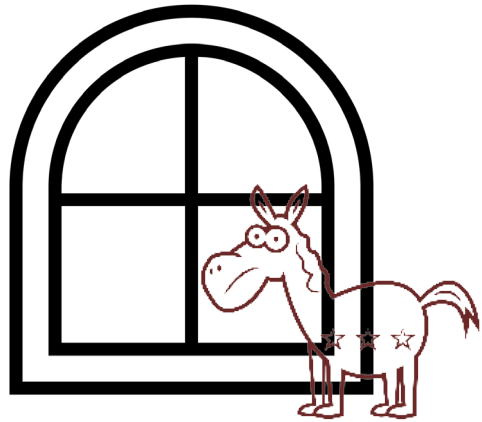

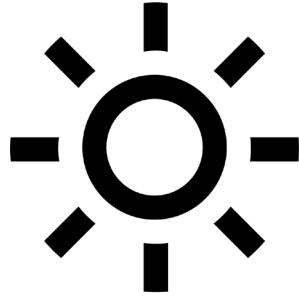

**This is Bobby the little horse**

**Bobby is a considerate, grateful, milk drinker with fluffy legs and charming hair.**

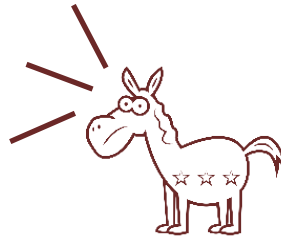

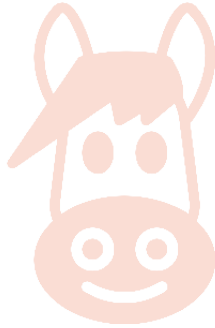

It was a gorgeous sunny  
Sunday in August.

His best friend Isabelle, who is a little  
donkey, comes to Bobby's window to  
invite him to a birthday party

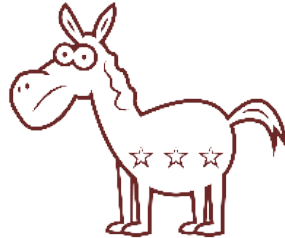

"Nothing can ruin such  
an incredible day!"  
yelled Isabelle the  
donkey.

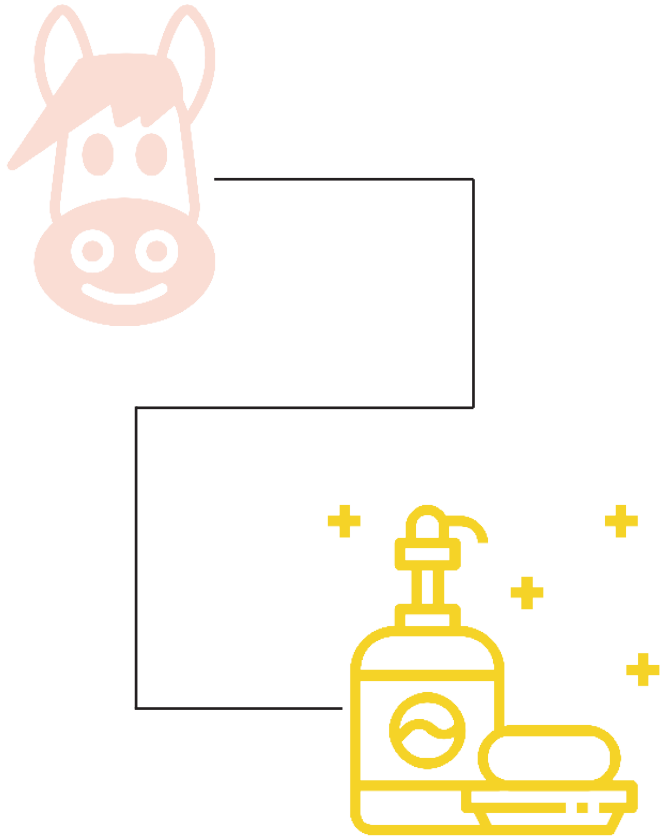

No way,  
nothing!

“Are you coming to the  
Birthday Party of Holly  
the moose? I am leaving  
for it.” asked Isabelle.

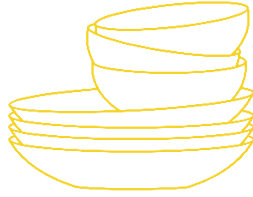

“Sure thing!” answered Bobby.  
“But I can’t go now. I have to  
take care of the dirty dishes  
first. You can leave now; I will  
catch up with you.”

- *Bobby needs to find the dish soap first in order to wash the dishes.*
- ***Let's help him to find it using the***
- ***shortest time and steps, so he can get to the party as soon as possible!***

***Now Bobby finished  
the dishes.***

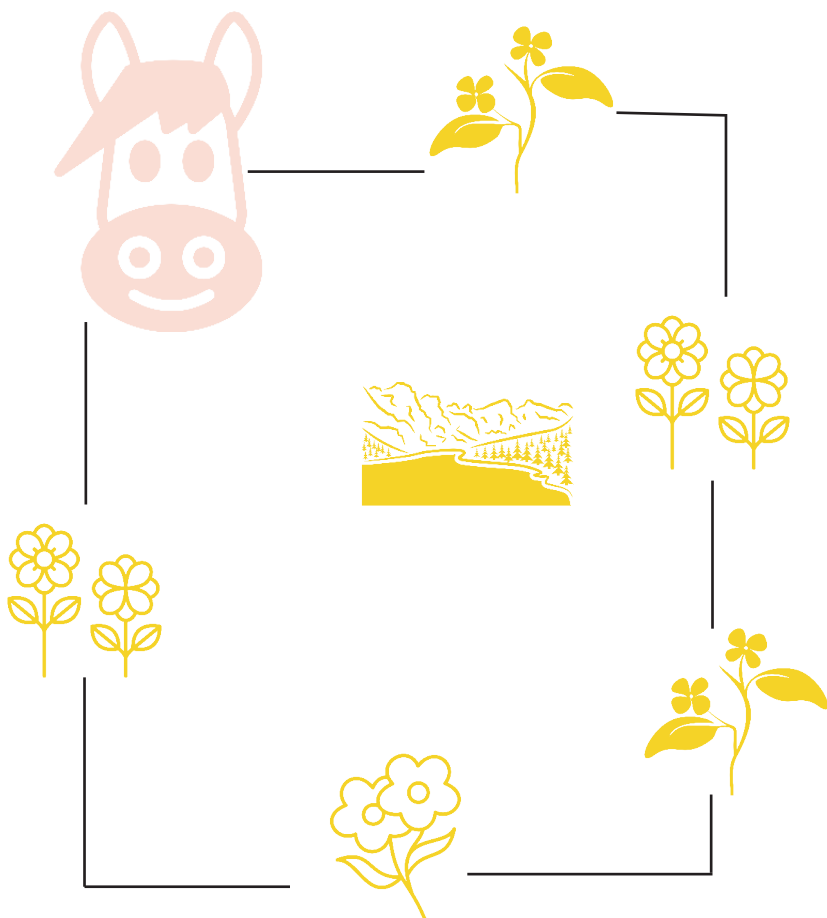

***Let's go to Holly's  
birthday party!***

- *Bobby needs to across the forest to get to Holly's house.*
- ***Let's help Bobby to get there!Use the shortest time and steps, so he can get to the party as soon as possible!***
- 

## **RULES:**

First: Get 5 flowers to make Holly a garland;

Second: Have to go around the lake; can't swim across it;

***“Yay! You made it! The birthday party will be excellent now!” whooped Isabelle.***

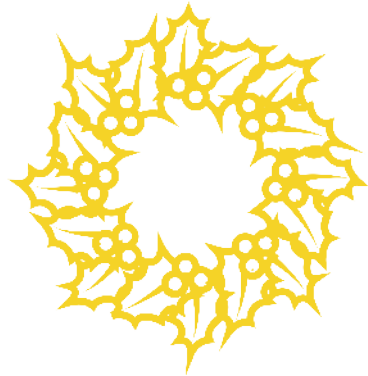

"Thanks for  
coming to my  
birthday party,  
Bobby!"

We are just about to eat the  
cake! Just the right timing!"  
cheered Holly.

"I have a birthday gift  
for you! I got all the  
flowers from the forest.  
I made you a garland."  
Said Bobby.

“Wow, thanks! It’s so thoughtful of you. It’s so pretty. Come, come, it’s time for the cake!” whooped Holly.

*They had a happy and fun birthday party together. Oh, of course, thanks to your help.*
